The FLORY CP87 Conditioner can reduce drying time and eliminate trash to deliver a cleaner product. All-in-one cleaning is what you get with the CP87’s two cleaning chains, stick remover and tapered V-Blade. Now with a self contained hydraulic system for easier tractor hookup and operation.
**FLORY CP87**

**FEATURES**

- Self contained hydraulic system powers the shaft drives
- Twin-rod cleaning chains for durability and extra cleaning
- Interchangeable parts with the Flory 860 harvester
- Condition your crop any time of the season
  - Won't leave you stranded when the weather is wet
- De-Stick and deposit the sticks at the end of each row
- Less dust due to over 5300 square inches of gravity cleaning
- High Volume / Low Velocity suction fan
- V-Blade levels the ground before laying the nuts back down
- Gate to shut off flow of crop at the end of the row
  - Eliminates hand raking

**QUALITY SINCE 1936**
