CONDITIONER

FLORY CP87

LOW DUST PTO WINDROW CONDITIONER

FEATURES

- Versatile PTO driven conditioner designed to remove trash from the windrow to reduce drying time and increase harvest speed
- Deliver a cleaner product to the huller, which reduces costs and increases crop quality
- Large suction fan moves a high-volume of air at a low-speed, resulting in superior cleaning and reduced dust emissions
- Tapered V-Blade levels ground below in preparation for the windrow
- Nut box with hydraulically actuated gate, gently returns the clean crop to a windrow and acts as a retention hopper between rows to eliminate hand raking
- Stick box conveyor operates in both directions to deposit the sticks at the end of each row
- Turn signals and flashers for improved road safety
- Self-contained hydraulic system for easier tractor hookup and operation
- Video camera system with nut box and stick box view
- Many interchangeable parts with the Flory 860 harvester

SPECIFICATIONS

HYD. OIL CAPACITY	40 GAL.
PTO SPEED	540 RPM
MIN. PTO HP.	85 HP.
FRONT TIRES	27 X 9.50 - 15, 4 PLY
REAR TIRES	31 X 13.50 - 15, 8 PLY
THROAT WIDTH	48 IN.
WEIGHT	8,300 LBS.

OPTIONS

- Front Paddle Sweeps
- Rock/Desticker Chain
