

FLORY 1500
CONVEYOR CART

FLORY 1500

CONVEYOR CART

STANDARD FEATURES

- High-capacity conveyor cart for a wide variety of tree nut crops
- Modular design offered in both auger and stick remover configurations
- Compatible with all current shuttle and bankout configurations (rear, side and front unload)
- Shallow elevator angle with increased clearance ensures smooth flow and prevents plugging
- Industry leading unload speeds of less than 1 minute for most crops
- 2-hose hydraulic system for simple hookup and operation
- Turn signals and flashers for improved road safety
- Rear view video camera

STICK REMOVER FEATURES

- Deliver a cleaner product to the huller, which reduces costs and increases crop quality
- Stick chain reversing valve for service and clearing jams
- Robust stick box with reliable hydraulically actuated door

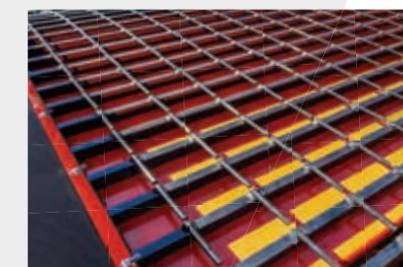

AUGER FEATURES

- Dual high-capacity augers to produce a full and balanced load in the cart

OPTIONS

- Auger or Stick Remover Configuration
- Power Assist Drive Wheels
- Conveyor Chain Type

87 In. Auger
92 In. Stick Remover
