FLORY COE R10

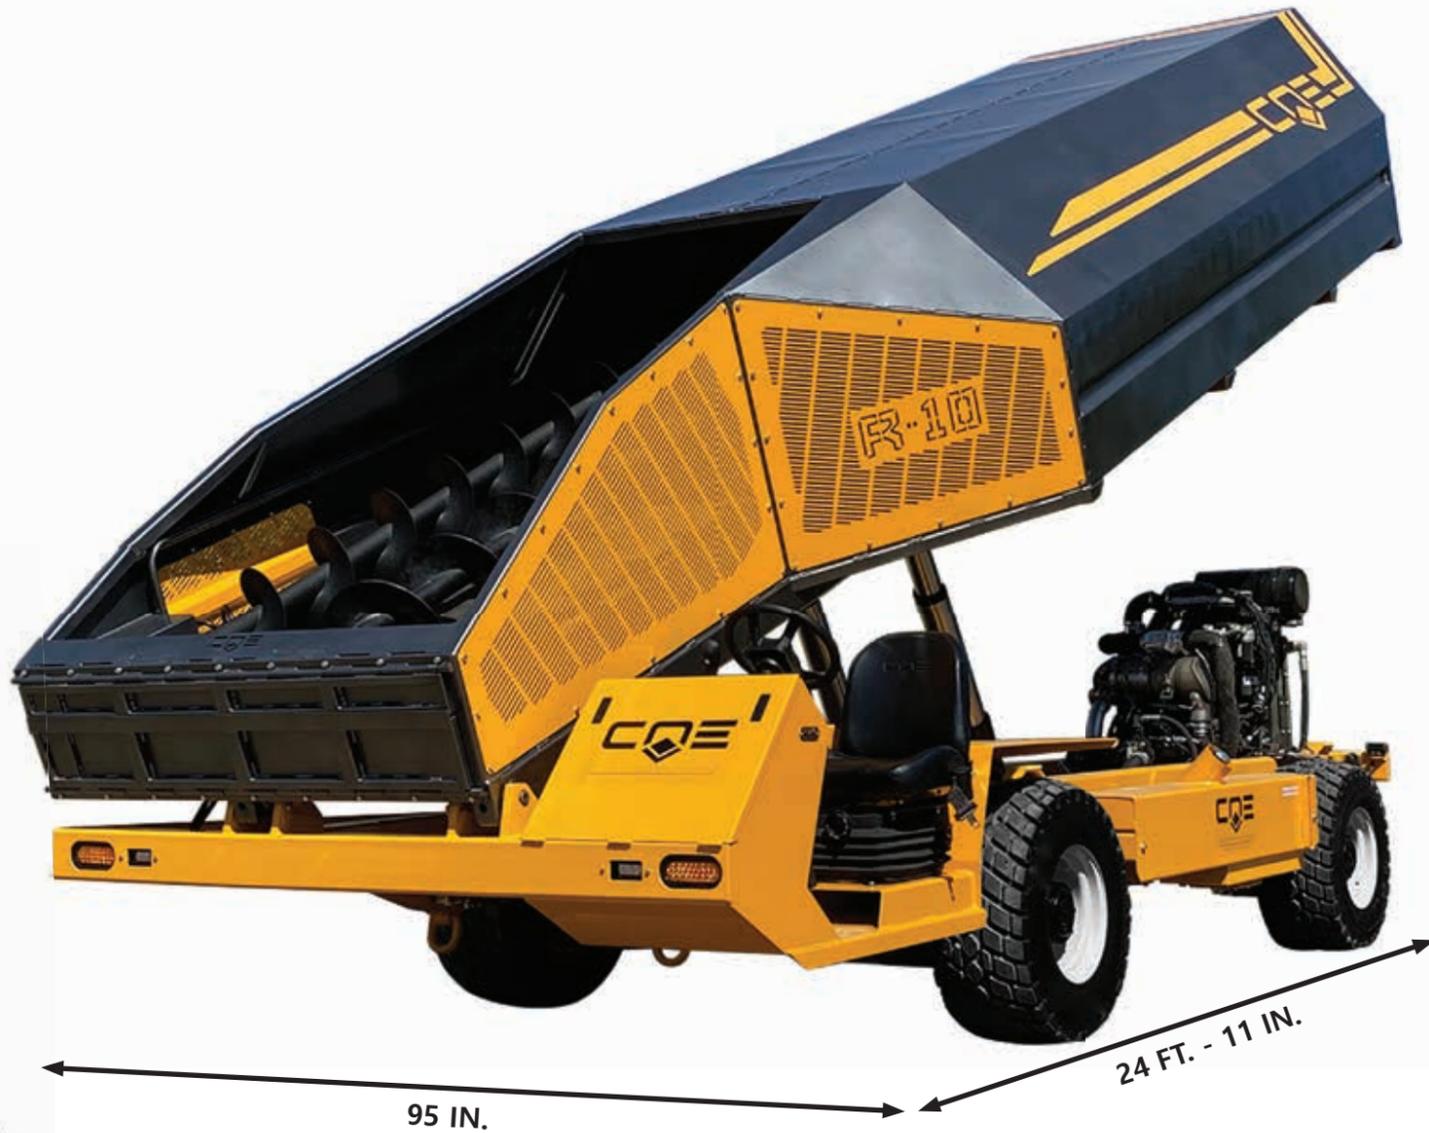

HIGH-CAPACITY SHUTTLE

FEATURES

- The COE R10 High-Capacity Shuttle improves efficiency of pistachio catching sets by quickly unloading the conveyor cart and transferring product to trailers by use of an elevator
- Display screen and single joystick control with multi-functions and forward/reverse foot selector
- Large low-profile nut tank with high-capacity augers and dual 3-stage telescoping cylinders
- Heavy-duty axles with leaf spring and air bag suspension
- Cooling package is designed to handle debris, including hinged access for cleaning and variable speed electric fans
- Dual element engine air cleaner with pre-cleaner
- 4WD system with auto-shifting
- 3 steering modes with the push of a button: front, 4-wheel and crab
- Sleek and angled exterior design
- Durable powder coated finish
- LED lights and safety flashers front and rear
- Seat with adjustable suspension
- Fail safe parking brake

OPTIONS

- Air Conditioned Cab
- Surround View Cameras
- 139 HP. Engine
- Tier 3 Engine for International Markets
