FLORY 58

SERIES SWEEPER

FEATURES

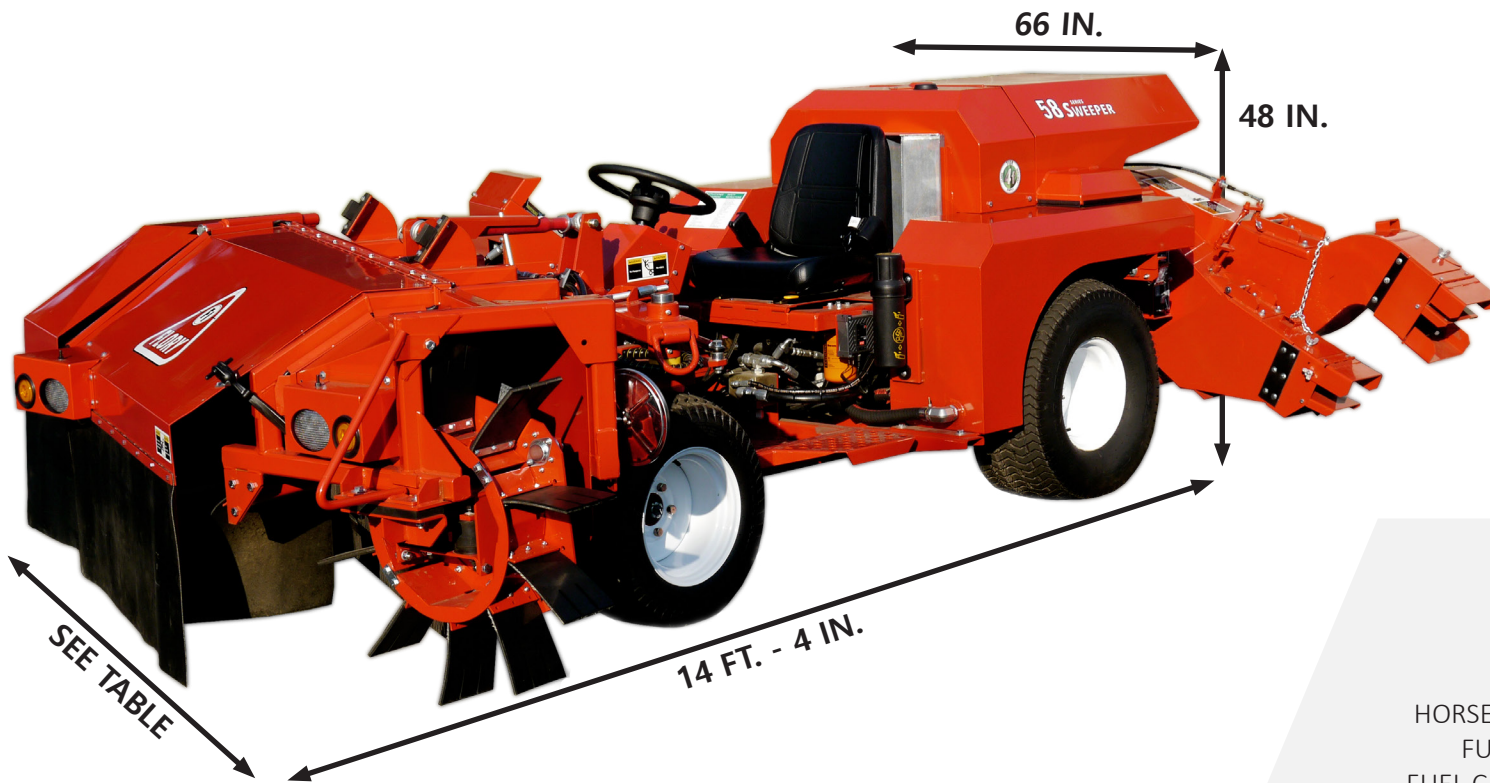

- Cost effective non-cab design with great crop recovery, sweeping performance and efficiency
- Improved blower design that substantially increases air output to more effectively clean hard-to-get places
- Variable reel drive allows you to increase the reel speed for heavier loads and faster sweeping
- High flotation tires allow you to sweep on any terrain even with adverse soil conditions
- Suspension system and unique sweeping head design keeps the head level with the ground, even with the wheels on a steep angle
- “Align-mount reel” provides self-alignment for longer bearing and reel life
- 5 bar reel reduces tooth speed for cleaner sweeping and prolonging tooth life
- Blower fan has multi-adjustable outlet spouts for superior blowing
- Fingertip controls for spout lift
- Lights and flashers for improved road safety
