FLORY COE B8

CONVEYOR CART

FEATURES

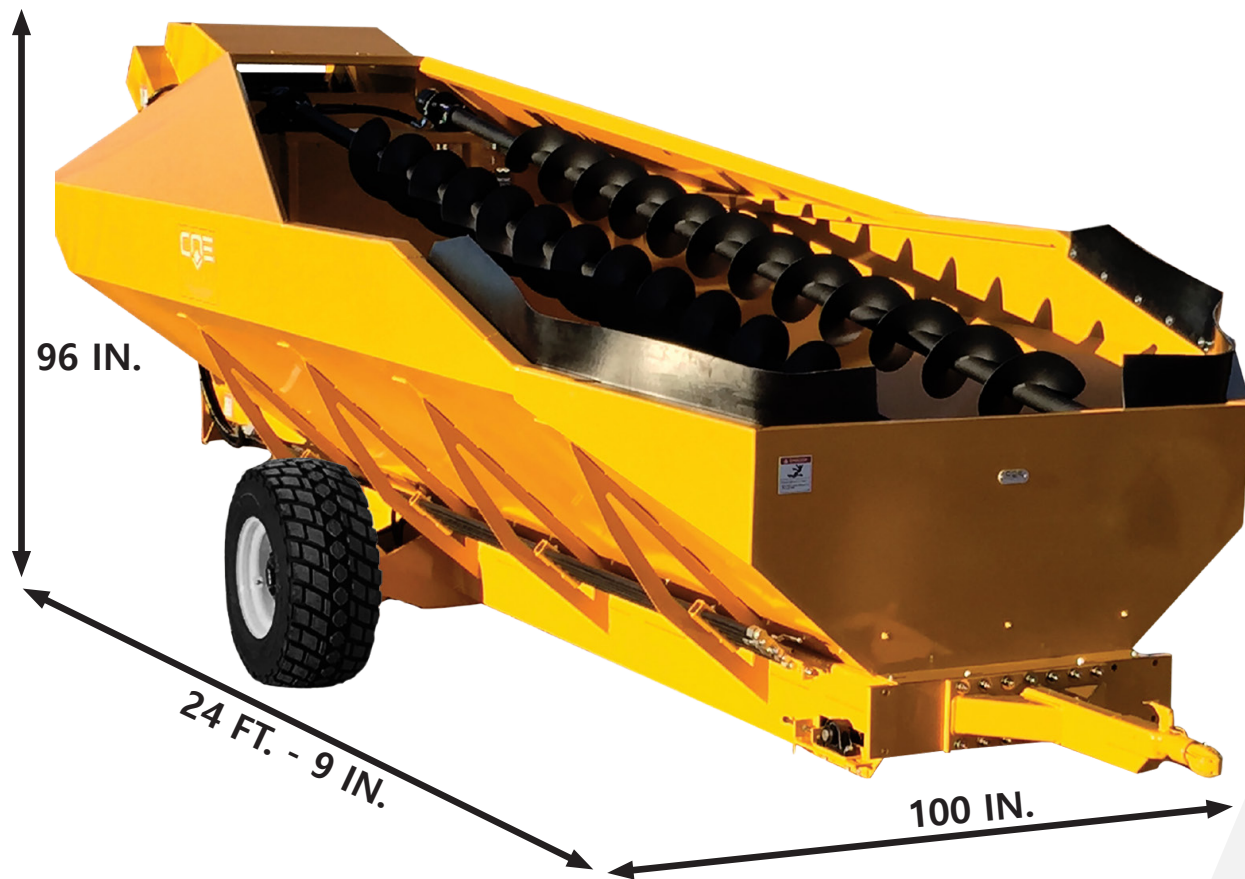

- The COE B8 Conveyor Cart's large capacity is designed for bulk handling of pistachio crops
- Sleek shape allows it to pass through orchards easily
- Tapered front nose corners provide more clearance on receiver
- 30-inch wide unloading conveyor with PVC belt, metal cleats and gear reduction drive
- Conveyor cover full length of lower belt
- Metering belt covers and chain guides for chain rollers
- Elevator conveyor baffle to prevent packing
- High-capacity augers with adjustable speed
- Heavy-duty adjustable hitch and 1/4" front skid plate
- Auto unloading bar with rubber bumpers
- Power assist drive wheels
- Durable powder coated finish

OPTIONS

- Covered Full Roof
- Mesh Chain (almonds)
