FLORY VS25

VELOCITY SHUTTLE

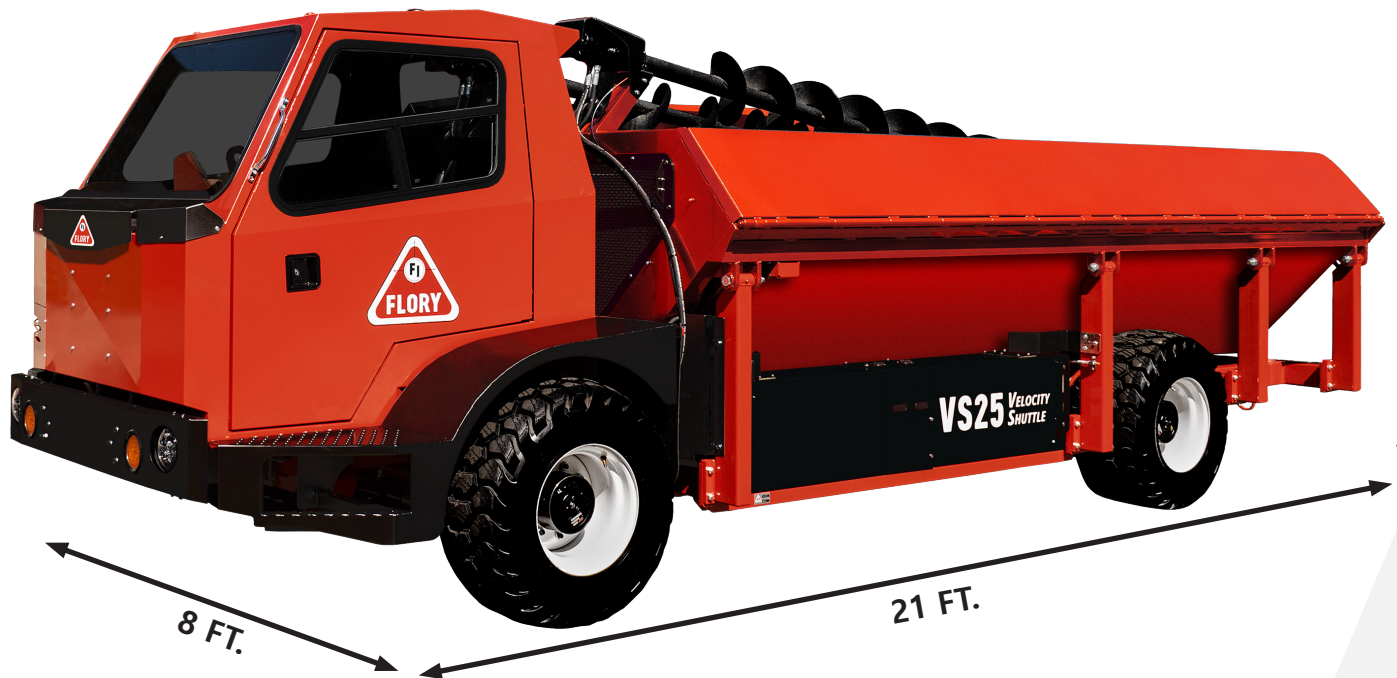

FEATURES

- Automotive control system, with intuitive pedal operation and anti-lock brakes, makes it as easy as driving a car while significantly improving fuel economy
- Fast and maneuverable with a top speed of 30 mph. and a tight 22.5 ft. turning radius
- Driver seat and controls quickly pivot 180 degrees to change from forward to backward operation
- Cruise Control to easily maintain speed while unloading the cart and during road travel
- Suspension system with durable leaf springs, ensures a smooth fast ride through rough terrain, minimizing transit time
- Variable speed augers, maximizes load capacity and control to increase the efficiency of every load
- Unload and lower the nut tank in as little as 20 seconds
- Spacious cab design, using high strength steel, 1/2" orchard-proof windows and thorough insulation, which enhances safety, comfort and durability
- Bluetooth stereo and climate control system for operator comfort
- LED headlights and taillights, with high-low beam, windshield wiper and washer improve visibility and road safety
- Operator safety features including shoulder harness, automatic parking brake, side egress window and safety door switch

OPTIONS

- 4WD
